

# PIPE COVERS

Oseco's Pipe Covers shield and save, protecting safety relief valve discharge piping and free vented rupture discs from chemicals, rain, snow, insects and birds.

Oseco Pipe Covers also offer visual indication of over pressurization. To retain the cover, a 6' tether rope is attached.

Pipe Covers are constructed of coated fiberglass material, with drawstring and grommet to prevent loss when the system relieves pressure. Easy to install and the covers fit over straight or angle-cut discharge piping.

## The Oseco Pipe Covers shield and save your investment.

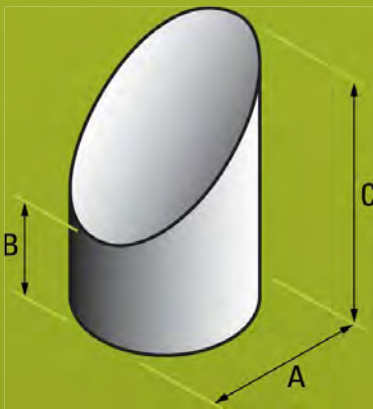

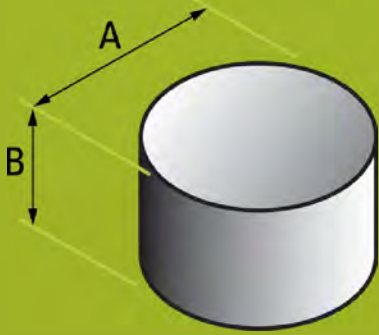

- Fits over straight-or angle-cut discharge piping
- Tether retains cover after a relief
- Protects discharge piping from damaging elements
- Safety neon orange offers visual indication of over pressurization
- Available materials of construction: coated fiberglass material, with drawstring and grommet

**Sizes**  
1" - 54"
